THIRTY-THREE SLAIN

LARGE NUMBER OF OTHERS SERI-
OUSLY WOUNDED BY TROOPS
AT SOSNOVICE.

THIRTY THOUSAND MEN OUT

ST. PETERSBURG AGAIN FACE TO
FACE WITH A RENEWAL OF
LABOR UPHEAVAL.

Sosnovice, Feb. 11.—A mob invaded
the yard of the Katherinen works Fri-
day demanding that the workmen in
charge of the electrical machinery
there join in the strike. A company
of soldiers intervened and a Polish
officer repeatedly called upon the peo-
ple to disperse. They refused to leave
unless they were accompanied by the
workmen. It is said that a rioter
menaced the officer with a knife,
whereupon he gave the order to fire,
with the result that twenty-eight per-
sons, including a high school pupil,
who happened to be passing, fell dead
and thirty-six were seriously wounded.
These latter were removed to a hospi-
tal, where five of them have since
died. A number of others were
slightly wounded. Many were wound-
ed in the back while trying to escape.
A large quantity of dynamite has
been stolen from the explosive stores
of the Stalimir mines, it is supposed by
strikers.

TROUBLE IS RENEWED

THIRTY THOUSAND WORKMEN AT
ST. PETERSBURG ARE AGAIN
OUT ON STRIKE.

St. Petersburg, Jan. 11.—St. Peters-
burg is again face to face with a re-
newal of the labor upheaval, the im-
mediate incitement being the failure
of the workmen to secure payment for
the time they were out on strike,
added to the fact that there has been
no adjustment of the demands which
led to the strike last month. The
Putiloff iron works, where the former
strike originated, is playing the prin-
cipal role. There are 30,000 work-
men already out within the metropolis
and the workmen at the torpedo fac-
tory in Kolpino, 18 miles distant, have
also joined the strikers. There is a
strong prospect of the movement ex-
tending. Only energetic measures by
the troops and police prevented the
resumption Friday of the former tac-
tics of the strikers, marching from
factory to factory and inducing or
compelling employees to lay down their
tools. Thus far there has been no dis-
order in St. Petersburg and the au-
thorities appear to have the situation
well in hand in this respect. It is
generally believed that sufficient pre-
cautions have been taken to preclude
the scene of bloodshed of Jan. 22.
Circumstantial reports that the revo-
lutionary element is about to join
with the strikers and resort to bomb
throwing are, nevertheless, causing
grave apprehensions.

Hold Orderly Meetings.

The workmen Friday held a num-
ber of orderly meetings in open fields
and big assemblages are scheduled for
Saturday. Sunday will be the crucial
time. The position of the workmen is
distinctly weaker than it was three
weeks ago, for they are without money,
while the authorities are not repeat-
ing the mistake of underestimating
the gravity of the movement or
neglecting precautions. Father Go-
pon's organization still exists, but se-
cretly and it is less effective.

The employers realize the import-
ance of a prompt settlement of the
workmen's grievances, but have al-
lowed weeks to slip by without decid-
ing on combined action. A few have
made concessions, but the majority
have refused, declaring that to meet
the demands of the workmen would
mean bankruptcy to the employers
and have resigned themselves to the
care of the government. They appear
to think the government is trying to
make them shoulder the onus of set-
tling a political difficulty and have ap-
pointed a committee to draw up a me-
morial to Finance Minister Kokov-
soff setting forth the position that the
government's persistent effort to con-
ciliate the men has not borne the ex-
pected fruit and the anger caused by
the events of Jan. 22 has been aug-
mented by the delay in settling their
grievances.

Reports from many factories show
that the hands are ripe for trouble
and liable to strike.

May Again March on the Palace.

Father Gopon's organization is re-
presented to have appointed thirty-
three delegates who are to ask Gov-
ernor General Trepoff to permit the

workmen to send another representa-
tive delegation to see Emperor Nicho-
las and present a programme of labor
reforms, and in case of refusal of this
request to repeat the attempt to march
to the palace square; but there is no
confirmation of this report and it is
extremely doubtful if the men can be
induced to re-enact their part in the
tragedy of Jan. 22.

The dispute at the Putiloff iron
works centers in the question of hours.
The men since the resumption of

work there have been quitting at the
end of eight hours.

The manager ordered a proportion-
ate reduction of their pay and Thurs-
day posted notices threatening dis-
missal if the men did not work the
regular time, 10½ hours. The men
tore down the notices and Friday de-
livered their ultimatum of eight hours
with no reduction of wages. The
manager refused to concede the de-
mand and the entire works were de-
serted within one hour. The strikers
induced the employees of a neighboring
chemical works and a sugar factory to
join them and the car works and other
establishments in the neighborhood
are idle.

The accessions to the ranks of the
strikers have reduced the entire sec-
tion between the Moscow and Narva
gates, except the Russo-American
works and one other factory, to idleness.

While the workmen in the Putiloff
quarter were resorting to a strike to set-
tle their grievances, the employees in a
smaller factory won a victory on the
strike pay question by resorting to the
courts. They sued the manage-
ment for strike pay and were given a
favorable verdict.

SERIOUS CLASH AT LODZ.

Eleven Persons Killed and Over a
Hundred Wounded.

Lodz, Poland, Feb. 11.—It is reported
that four persons were killed and
sixty-eight wounded in a riot at the
Cheibler factory, and that seven were
killed and fifty were wounded in a
cliff at Louis Geyers' factory, where
troops were lined up to prevent the
men from entering to demand their
pay.

The strikers generally are enraged
at the refusal of other manufacturers
to give them their pay and several
other encounters between mobs and
troops are reported from different di-
rections. A number of people are
said to have been wounded.

The greatest alarm prevails here.
The shops were closed early in the
afternoon and the windows were
boarded up.

It is reported that a general railway
strike will commence Feb. 14 through-
out Poland.

FATAL TO STRIKERS

TWENTY-FOUR KILLED AND FOR-
TY WOUNDED IN CLASH WITH
RUSSIAN TROOPS.

Berlin, Feb. 11.—According to press
dispatches from Kattowitz, Russian
Poland, a collision occurred between
15,000 strikers and the military at the
Russian station of Skarzyko, in which
twenty-four strikers were killed and
forty wounded. The military, it is
also reported, fired on strikers at Os-
trowicz, but the casualties in that case
are not known.

The Lokal Anzeiger's Warsaw dis-
patch gives the number of strikers
killed in the Katherinen works at
Lodz as fully nineteen and the
wounded 112. The sharpest fight took
place before the factory of the Schied-
ler company, the number of strikers
killed or wounded there not being re-
ported. Two soldiers and one detec-
tive were killed.

A strike is expected to break out on
the Warsaw-Vienna railway.

WITTE'S RESIDENCE SEARCHED.

Police Remove Papers on Order of
Russian Minister of Interior.

London, Feb. 11.—The correspond-
ent at St. Petersburg of the Daily
Mail sends to that paper the extra-
ordinary report that the first act of
the new minister of the interior, M.
Bolian, on arriving in St. Petersburg
on Friday, was to have the residence
of M. Witte, president of the council
of the empire, searched by the police,
who removed a mass of documents for
examination. M. Witte was at home
at the time and the police made a
thorough and systematic examination
of all the private papers in the house.

The correspondent adds that when
Minister von Plehve was assassinated
he was carrying an order to the em-
peror for his signature authorizing
just such a perquisition for M. Witte's
papers.

It looks, therefore, the correspondent
says, that the new minister is begin-
ning just where Von Plehve left off.

ing his own fare.

Advance Sale of Silks

There are those who recognize the advantages of having their sewing
done early and find it convenient to do it. It is for the benefit of these
that this sale is given.

From many sources we have gathered together choice patterns
and qualities and Monday will place them on sale at prices as
low as these high qualities will permit.

A large number of these silks—fancies especially—are designed for
shirt waists suits which are to be so popular this summer. How sensible
they are to: if you are traveling, the silk suit will suffice where several
others of wool or cotton would be necessary. Its advantages for home wear
are also many.

Silks went of favor because there was a clamor for cheap quali-
ties and the bargain counters supplied the demand. Dissatisfac-
tion was the result. We offer nothing but what we believe to be
dependable. Whether you are ready to buy or not come in
and see our offerings.

CHANGEABLE STRIPED SILKS—all the new
combinations—a very pretty effect for the shirt

STAND BY HOUSE BILL

REPUBLICAN REPRESENTATIVES
AGREE TO OPPOSE CHANGES
MADE BY SENATE.

CONFERENCE ON STATEHOOD

DECIDES THE HOUSE PROVISION
SHALL PREVAIL OR NO LEGIS-
LATION BE ENACTED.

Washington, Feb. 11.—The Republi-
cans of the house of representatives
decided in conference Friday that the
house statehood provision shall pre-
vail or that no statehood legislation
will be enacted by the present con-
gress. The resolution, which, it is
said, sets forth this position, and
which was adopted by a vote of 112 to
33 after three hours of debate, is as
follows:

"Resolved, That it is the sense of
this conference that the action and
policy of the Republican caucus held
April 15, 1904, touching the admission
of Oklahoma and the Indian Territory
as one state and New Mexico and
Arizona as one state, as provided in
the bill of the house, No. 14749, which
bill has been amended by the senate
and is now pending in the house com-
mittee on territories, be insisted upon,
and that we insist on such parlia-
mentary proceedings as can be had by
a majority of the house, or a special
order as can be made and adopted by
a majority of the house, under which
the aforesaid policy of the Republicans
of the house will be worked out."

Speaker Cannon is the author of this
resolution. When the conference con-
vened an amendment to this resolu-
tion, offered by Mr. Tawney, adding
that in such conference the house con-
ferees be instructed to insist on the
house provisions of the bill was laid
before it, and a vote was taken on this
proposition.

The debate was keyed to a high
pitch at all times. The ground was
taken by those who favored the house
provisions or nothing, that the Republi-
cans of the body would be sacrific-
ing their position taken heretofore to
a few Republican senators who had seen
fit to unite with the minority of the
senate if the bill as amended was ac-
cepted.

A definition of what is considered
the binding feature of a caucus, was
made to those Republican members
who have indicated an intention to

vote with the Democrats, should op-
portunity arise, for the acceptance of
the senate bill. This definition was
that unless a member gives notice in
caucus that he will not be bound by
the action taken he must consider him-
self bound thereby.

SWAYNE IMPEACHMENT CASE.

Real Work of the Trial Entered Upon
by the Senate.

Washington, Feb. 11.—The senate
Friday heard the first witness called
in connection with the impeachment
proceedings against Judge Swayne of
Florida and thus entered upon the
real work of the trial. The statement
of the case on behalf of the house
was made by Manager Palmer, who
went over the various charges against
Judge Swayne and said it was the ex-
pectation of the managers that all of
them would be proven. The witnesses
heard Friday testified concerning hot-
el bills paid by Judge Swayne while
holding court in Texas.

The senate decided to devote the
time between 2 and 5 o'clock each day
to the Swayne inquiry.

MAINTAINS ITS RECORD.

House Rapidly Disposes of Large
Number of Pension Bills.

Washington, Feb. 11.—After main-
taining its record for the rapid dispo-
sition of private pension bills, 433 be-
ing passed in an hour and a half, the
house Friday considered for a short
while the bill providing a government
for the Panama canal zone.

An early adjournment was taken to
enable the Republicans to confer on
the statehood bill.

FOUND GUILTY OF PERJURY.

Salvation Army Girl Convicted in
Court at Chicago.

Chicago, Feb. 11.—Inga Hanson, the
Salvation Army girl who for five
years has been involved in sensational
litigation with the Chicago City Rail-
way company, was Friday found guilty
of perjury. She sued the railway cor-
poration for damages on account of
injuries received by her in a street rail-
way accident which, she alleged, de-
prived her of speech, sight, hearing
and power of locomotion. She eventu-
ally lost the suit and claimed to have
been restored to health by a miracle.

GENERAL KUROPATKIN ILL.

Said to Be Suffering From Peculiar
Nervous Malady.

St. Petersburg, Feb. 11.—Dr. Bot-
kins, who has returned from the front,
expresses himself freely that General
Kuropatkin is suffering from a malady
taking the form of loss of will power.
Coming from such an eminent physi-
cian this opinion causes a sensation.

NOT RIPE FOR CHANGE

CHAMBERLAIN'S FISCAL POLICY
WILL NOT BE PRESSED ON
BRITAIN NOW.

London, Feb. 11.—The Daily Mirror
asserts that, owing to a recognition of
the fact that the country is not ripe
for a fundamental change in fiscal
policy, it has been decided that Mr.
Chamberlain's war cry for the gen-
eral election shall only be "vote for a
colonial conference" and that for the
present electors will not be asked to
go further.

AT LEAST THREE KILLED.

Death List of Wreck in Mexico May
Be Much Larger.

Laredo, Tex., Feb. 11.—In a wreck
on the National railway of Mexico be-
tween the towns of Carlos and La
Ventura, 258 miles south of this city,
three persons are known to have lost
their lives and perhaps many others
are dead or injured.

As train No. 4, which left this city
Thursday, was making its way through
the mountains beyond Saultillo, it
crashed into a northbound freight
train which had taken a siding. The
second car, which was used for sec-
ond and third class passengers, was
completely telescoped. One woman,
a child and a coal passer are known
to be dead. Many others are supposed
to be in the second-class coach which
was surrounded by debris.

FINDS MISSING RECORDS.

Chicago Millionaire Claims Title to
Wisconsin Lands.

Grand Rapids, Mich., Feb. 11.—
James Donovan, millionaire lumber-
man and lawyer of Chicago, said Fri-
day night he had found in this city pa-
pers which he claims are records torn
from the books of Oconto county, Wis-
consin. He declared they made good
his title to 52,000 acres of Wisconsin
state land, for which he started suit
last spring in Chicago against United
States Senator Thomas C. Platt of
New York, and which he says shows
a peculiar land conspiracy.

"This discovery cost \$30,000," de-
clared Mr. Donovan. "It means that
my \$3,000,000 suit started against Sen-
ator Platt in Chicago courts will
stand."

Former Attorney Indicted.

Portland, Ore., Feb. 11.—Ex-United
States District Attorney John S. Hall
was Friday indicted by the federal
grand jury in connection with the land
frauds cases in course of investiga-
tion.

Eleven Persons Killed and Over a Hundred Wounded.

Lodz, Poland, Feb. 11.—It is reported that four persons were killed and sixty-eight wounded in a riot at the Cheibler factory, and that seven were killed and fifty were wounded in a conflict at Louis Geysers' factory, where troops were lined up to prevent the men from entering to demand their pay.

The strikers generally are enraged at the refusal of other manufacturers to give them their pay and several other encounters between mobs and troops are reported from different directions. A number of people are said to have been wounded.

The greatest alarm prevails here. The shops were closed early in the afternoon and the windows were boarded up.

It is reported that a general railway strike will commence Feb. 14 throughout Poland.

FATAL TO STRIKERS

TWENTY-FOUR KILLED AND FORTY WOUNDED IN CLASH WITH RUSSIAN TROOPS.

Berlin, Feb. 11.—According to press dispatches from Kattowitz, Russian Poland, a collision occurred between 15,000 strikers and the military at the Russian station of Skarzyko, in which twenty-four strikers were killed and forty wounded. The military, it is also reported, fired on strikers at Ostrowiec, but the casualties in that case are not known.

The Lokal Anzeiger's Warsaw dispatch gives the number of strikers killed in the Katherinen works at Lodz as fully nineteen and the wounded 112. The sharpest fight took place before the factory of the Schiedler company, the number of strikers killed or wounded there not being reported. Two soldiers and one detective were killed.

A strike is expected to break out on the Warsaw-Vienna railway.

WITTE'S RESIDENCE SEARCHED.

Police Remove Papers on Order of Russian Minister of Interior.

London, Feb. 11.—The correspondent at St. Petersburg of the Daily Mail sends to that paper the extraordinary report that the first act of the new minister of the interior, M. Bologan, on arriving in St. Petersburg on Friday, was to have the residence of M. Witte, president of the council of the empire, searched by the police, who removed a mass of documents for examination. M. Witte was at home at the time and the police made a thorough and systematic examination of all the private papers in the house.

The correspondent adds that when Minister von Plehve was assassinated he was carrying an order to the emperor for his signature authorizing just such a perquisition for M. Witte's papers.

It looks, therefore, the correspondent says, that the new minister is beginning just where Von Plehve left off.

Advance Sale of Silks

There are those who recognize the advantages of having their sewing done early and find it convenient to do it. It is for the benefit of these that this sale is given.

From many sources we have gathered together choice patterns and qualities and Monday will place them on sale at prices as low as these high qualities will permit.

A large number of these silks—fancies especially—are designed for shirt waists suits which are to be so popular this summer. How sensible they are to: if you are traveling, the silk suit will suffice where several others of wool or cotton would be necessary. Its advantages for home wear are also many.

Silks went off favor because there was a clamor for cheap qualities and the bargain counters supplied the demand. Dissatisfaction was the result. We offer nothing but what we believe to be dependable. Whether you are ready to buy or not come in and see our offerings.

STAND BY HOUSE BILL

REPUBLICAN REPRESENTATIVES AGREE TO OPPOSE CHANGES MADE BY SENATE.

CONFERENCE ON STATEHOOD

DECIDES THE HOUSE PROVISION SHALL PREVAIL OR NO LEGISLATION BE ENACTED.

Washington, Feb. 11.—The Republicans of the house of representatives decided in conference Friday that the house statehood provision shall prevail or that no statehood legislation will be enacted by the present congress. The resolution, which, it is said, sets forth this position, and which was adopted by a vote of 112 to 33 after three hours of debate, is as follows:

"Resolved, That it is the sense of this conference that the action and policy of the Republican caucus held April 15, 1904, touching the admission of Oklahoma and the Indian Territory as one state and New Mexico and Arizona as one state, as provided in the bill of the house, No. 14749, which bill has been amended by the senate and is now pending in the house committee on territories, be insisted upon, and that we insist on such parliamentary proceedings as can be had by a majority of the house, or a special order as can be made and adopted by a majority of the house, under which the aforesaid policy of the Republicans of the house will be worked out."

Speaker Cannon is the author of this resolution. When the conference convened an amendment to this resolution, offered by Mr. Tawney, adding that in such conference the house conferees be instructed to insist on the house provisions of the bill was laid before it, and a vote was taken on this proposition.

The debate was keyed to a high pitch at all times. The ground was taken by those who favored the house provisions or nothing, that the Republicans of the body would be sacrificing their position taken heretofore to a few Republican senators who had seen fit to unite with the minority of the senate if the bill as amended was accepted.

A definition of what is considered the binding feature of a caucus, was made to those Republican members who have indicated an intention to

vote with the Democrats, should opportunity arise, for the acceptance of the senate bill. This definition was that unless a member gives notice in caucus that he will not be bound by the action taken he must consider himself bound thereby.

SWAYNE IMPEACHMENT CASE.

Real Work of the Trial Entered Upon by the Senate.

Washington, Feb. 11.—The senate Friday heard the first witness called in connection with the impeachment proceedings against Judge Swayne of Florida and thus entered upon the real work of the trial. The statement of the case on behalf of the house was made by Manager Palmer, who went over the various charges against Judge Swayne and said it was the expectation of the managers that all of them would be proven. The witnesses heard Friday testified concerning hotel bills paid by Judge Swayne while holding court in Texas.

The senate decided to devote the time between 2 and 5 o'clock each day to the Swayne inquiry.

MAINTAINS ITS RECORD.

House Rapidly Disposes of Large Number of Pension Bills.

Washington, Feb. 11.—After maintaining its record for the rapid disposition of private pension bills, 433 being passed in an hour and a half, the house Friday considered for a short while the bill providing a government for the Panama canal zone.

An early adjournment was taken to enable the Republicans to confer on the statehood bill.

FOUND GUILTY OF PERJURY.

Salvation Army Girl Convicted in Court at Chicago.

Chicago, Feb. 11.—Inga Hanson, the Salvation Army girl who for five years has been involved in sensational litigation with the Chicago City Railway company, was Friday found guilty of perjury. She sued the railway corporation for damages on account of injuries received by her in a street railway accident which, she alleged, deprived her of speech, sight, hearing and power of locomotion. She eventually lost the suit and claimed to have been restored to health by a miracle.

GENERAL KUROPATKIN ILL.

Said to Be Suffering From Peculiar Nervous Malady.

St. Petersburg, Feb. 11.—Dr. Botkins, who has returned from the front, expresses himself freely that General Kuropatkin is suffering from a malady taking the form of loss of will power. Coming from such an eminent physician this opinion causes a sensation.

NOT RIPE FOR CHANGE

CHAMBERLAIN'S FISCAL POLICY WILL NOT BE PRESSED ON BRITAIN NOW.

London, Feb. 11.—The Daily Mirror asserts that, owing to a recognition of the fact that the country is not ripe for a fundamental change in fiscal policy, it has been decided that Mr. Chamberlain's war cry for the general election shall only be "vote for a colonial conference" and that for the present electors will not be asked to go further.

AT LEAST THREE KILLED.

Death List of Wreck in Mexico May Be Much Larger.

Laredo, Tex., Feb. 11.—In a wreck on the National railway of Mexico between the towns of Carleros and La Ventura, 258 miles south of this city, three persons are known to have lost their lives and perhaps many others are dead or injured.

As train No. 4, which left this city Thursday, was making its way through the mountains beyond Santillo, it crashed into a northbound freight train which had taken a siding. The second car, which was used for second and third class passengers, was completely telescoped. One woman, a child and a coal passer are known to be dead. Many others are supposed to be in the second-class coach which was surrounded by debris.

FINDS MISSING RECORDS.

Chicago Millionaire Claims Title to Wisconsin Lands.

Grand Rapids, Mich., Feb. 11.—James Donovan, millionaire lumberman and lawyer of Chicago, said Friday night he had found in this city papers which he claims are records torn from the books of Oconto county, Wisconsin. He declared they made good his title to 52,000 acres of Wisconsin state land, for which he started suit last spring in Chicago against United States Senator Thomas C. Platt of New York, and which he says shows a peculiar land conspiracy.

"This discovery cost \$30,000," declared Mr. Donovan. "It means that my \$3,000,000 suit started against Senator Platt in Chicago courts will stand."

Former Attorney Indicted.

Portland, Ore., Feb. 11.—Ex-United States District Attorney John S. Hall was Friday indicted by the federal grand jury in connection with the land frauds cases in course of investigation.

THIRTY-THREE SLAIN

LARGE NUMBER OF OTHERS SERI-
OUSLY WOUNDED BY TROOPS
AT SOSNOVICE.

THIRTY THOUSAND MEN OUT

ST. PETERSBURG AGAIN FACE TO
FACE WITH A RENEWAL OF
LABOR UPHEAVAL.

Sosnovice, Feb. 11.—A mob invaded
the yard of the Katherinen works Fri-
day demanding that the workmen in
charge of the electrical machinery
there join in the strike. A company
of soldiers intervened and a Polish
officer repeatedly called upon the peo-
ple to disperse. They refused to leave
unless they were accompanied by the
workmen. It is said that a rioter
menaced the officer with a knife,
whereupon he gave the order to fire,
with the result that twenty-eight per-
sons, including a high school pupil,
who happened to be passing, fell dead
and thirty-six were seriously wounded.
These latter were removed to a hospi-
tal, where five of them have since
died. A number of others were
slightly wounded. Many were wound-
ed in the back while trying to escape.
A large quantity of dynamite has
been stolen from the explosive stores
of the Sasimir mines, it is supposed by
strikers.

TROUBLE IS RENEWED

THIRTY THOUSAND WORKMEN AT
ST. PETERSBURG ARE AGAIN
OUT ON STRIKE.

St. Petersburg, Jan. 11.—St. Peters-
burg is again face to face with a re-
newal of the labor upheaval, the im-
mediate incitement being the failure
of the workmen to secure payment for
the time they were out on strike,
added to the fact that there has been
no adjustment of the demands which
led to the strike last month. The
Putiloff iron works, where the former
strike originated, is playing the prin-
cipal role. There are 30,000 work-
men already out within the metropolis
and the workmen at the torpedo fac-
tory in Kolpino, 18 miles distant, have
also joined the strikers. There is a
strong prospect of the movement ex-
tending. Only energetic measures by
the troops and police prevented the
resumption Friday of the former tac-
tics of the strikers, marching from
factory to factory and inducing or
compelling employees to lay down their
tools. Thus far there has been no dis-
order in St. Petersburg and the au-
thorities appear to have the situation
well in hand in this respect. It is
generally believed that sufficient pre-
cautions have been taken to preclude
the scene of bloodshed of Jan. 22.
Circumstantial reports that the revo-
lutionary element is about to join
with the strikers and resort to bomb
throwing are, nevertheless, causing
grave apprehensions.

Hold Orderly Meetings.

The workmen Friday held a num-
ber of orderly meetings in open fields
and big assemblages are scheduled for
Saturday. Sunday will be the crucial
test. The position of the workmen is
distinctly weaker than it was three
weeks ago, for they are without money,
while the authorities are not re-
peating the mistake of underestimat-
ing the gravity of the movement or
neglecting precautions. Father Go-
pon's organization still exists, but se-
cretly and it is less effective.

The employers realize the import-
ance of a prompt settlement of the
workmen's grievances, but have al-
lowed weeks to slip by without decid-
ing on combined action. A few have
made concessions, but the majority
have refused, declaring that to meet
the demands of the workmen would
mean bankruptcy to the employers
and have resigned themselves to the
care of the government. They appear
to think the government is trying to
make them shoulder the onus of set-
tling a political difficulty and have ap-
pointed a committee to draw up a me-
morial to Finance Minister Kokov-
soff setting forth the position that the
government's persistent effort to con-
ciliate the men has not borne the ex-
pected fruit and the anger caused by
the events of Jan. 22 has been aug-
mented by the delay in settling their
grievances.

Reports from many factories show
that the hands are ripe for trouble
and liable to strike.

May Again March on the Palace.

Father Gopon's organization is re-
ported to have appointed thirty-
three delegates who were to ask Gov-
ernor General Trepoff to permit the

workmen to send another representa-
tive delegation to see Emperor Nicho-
las and present a programme of labor
reforms, and in case of refusal of this
request to repeat the attempt to march
to the palace square; but there is no
confirmation of this report and it is
extremely doubtful if the men can be
induced to re-enact their part in the
tragedy of Jan. 22.

The dispute at the Putiloff iron
works centers in the question of hours.
The men since the resumption of

work there have been quitting at the
end of eight hours.

The manager ordered a proportion-
ate reduction of their pay and Thurs-
day posted notices threatening dis-
missal if the men did not work the
regular time, 10½ hours. The men
tore down the notices and Friday de-
livered their ultimatum of eight hours
with no reduction of wages. The
manager refused to concede the de-
mand and the entire works were de-
serted within one hour. The strikers
induced the employees of a neighboring
chemical works and a sugar factory to
join them and the car works and other
establishments in the neighborhood
are idle.

The accessions to the ranks of the
strikers have reduced the entire sec-
tion between the Moscow and Narva
gates, except the Russo-American
works and one other factory, to idleness.

While the workmen in the Putiloff
quarter were resorting to a strike to set-
tle their grievances, the employees in a
smaller factory won a victory on the
strike pay question by resorting to the
courts. They sued the management
for strike pay and were given a
favorable verdict.

SERIOUS CLASH AT LODZ.

Eleven Persons Killed and Over a
Hundred Wounded.

Lodz, Poland, Feb. 11.—It is reported
that four persons were killed and
sixty-eight wounded in a riot at the
Cheibler factory, and that seven were
killed and fifty were wounded in a
conflict at Louis Geyers' factory, where

pay.

The strikers generally are enraged
at the refusal of other manufacturers
to give them their pay and several
other encounters between mobs and
troops are reported from different di-
rections. A number of people are
said to have been wounded.

The greatest alarm prevails here.
The shops were closed early in the
afternoon and the windows were
boarded up.

It is reported that a general railway
strike will commence Feb. 14 through-
out Poland.

ler company, the number of strikers
killed or wounded there not being re-
ported. Two soldiers and one detec-
tive were killed.

A strike is expected to break out on

STAND BY HOUSE BILL

REPUBLICAN REPRESENTATIVES
AGREE TO OPPOSE CHANGES
MADE BY SENATE.

CONFERENCE ON STATEHOOD

DECIDES THE HOUSE PROVISION
SHALL PREVAIL OR NO LEGIS-
LATION BE ENACTED.

Washington, Feb. 11.—The Republi-
cans of the house of representatives
decided in conference Friday that the
house statehood provision shall pre-
vail or that no statehood legislation
will be enacted by the present con-
gress. The resolution, which, it is
said, sets forth this position, and
which was adopted by a vote of 112 to
33 after three hours of debate, is as
follows:

"Resolved, That it is the sense of
this conference that the action and
policy of the Republican caucus held
April 15, 1904, touching the admission
of Oklahoma and the Indian Territory
as one state and New Mexico and
Arizona as one state, as provided in
the bill of the house, No. 14749, which
bill has been amended by the senate
and is now pending in the house com-
mittee on territories, be insisted upon,
and that we insist on such parlia-
mentary proceedings as can be had by
a majority of the house, or a special
order as can be made and adopted by
a majority of the house, under which
the aforesaid policy of the Republicans
of the house will be worked out."

Speaker Cannon is the author of this
resolution. When the conference con-
vened an amendment to this resolu-
tion, offered by Mr. Tawney, adding
that in such conference the house con-
ference be instructed to insist on the
house provisions of the bill was laid
before it, and a vote was taken on this
proposition.

The debate was keyed to a high
pitch at all times. The ground was
taken by those who favored the house
provisions or nothing, that the Repub-
licans of the body would be sacrific-
ing their position taken heretofore to
few Republican senators who had seen
fit to unite with the minority of the
senate if the bill as amended was ac-
cepted.

A definition of what is considered
the binding feature of a caucus, was
made to those "Republican" members
who have indicated an intention to

vote with the Democrats, should op-
portunity arise, for the acceptance of
the senate bill. This definition was
that unless a member gives notice in
caucus that he will not be bound by
the action taken he must consider him-
self bound thereby.

NOT RIPE FOR CHANGE

CHAMBERLAIN'S FISCAL POLICY
WILL NOT BE PRESSED ON
BRITAIN NOW.

London, Feb. 11.—The Daily Mirror
asserts that, owing to a recognition of
the fact that the country is not ripe
for a fundamental change in fiscal
policy, it has been decided that Mr.
Chamberlain's war cry for the gen-
eral election shall only be "vote for a
colonial conference" and that for the
present electors will not be asked to
go further.

AT LEAST THREE KILLED.

Death List of Wreck in Mexico May
Be Much Larger.

Laredo, Tex., Feb. 11.—In a wreck
on the National railway of Mexico be-
tween the towns of Carleros and La
Ventura, 258 miles south of this city,
three persons are known to have lost
their lives and perhaps many others
are dead or injured.

As train No. 4, which left this city
Thursday, was making its way through
the mountains beyond Santillo, it
crashed into a northbound freight
train which had taken a siding. The
second car, which was used for sec-
ond and third class passengers, was
completely telescoped. One woman, a
child and a coal passer are known
to be dead. Many others are supposed
to be in the second-class coach which
was surrounded by debris.

FINDS MISSING RECORDS.

Chicago Millionaire Claims Title to
Wisconsin Lands.

Grand Rapids, Mich., Feb. 11.—
James Donovan, millionaire lumber-
man and lawyer of Chicago, said Fri-
day night he had found in this city pa-
pers which he claims are records torn
from the books of Oconto county, Wis-
consin. He declared they made good
his title to 52,000 acres of Wisconsin
state land, for which he started suit
last spring in Chicago against United
States Senator Thomas C. Platt of
New York, and which he says shows
a peculiar land conspiracy.

"This discovery cost \$30,000," de-
clared Mr. Donovan. "It means that
my \$3,000,000 suit started against Sen-
ator Platt in Chicago courts will
stand."

Former Attorney Indicted.

Portland, Ore., Feb. 11.—Ex-United
States District Attorney John S. Hall
was Friday indicted by the federal
grand jury in connection with the land
frauds cases in course of investiga-
tion.

ANIMALS' WANDERINGS.

Country Mouse and Town Mouse. The Little Mouse Foundation in Fact.

The table of the country mouse and the town mouse has a foundation in fact. Mice occasionally migrate in large numbers when food grows scarce and travel considerable distances to fresh houses. Farmers in a part of Pershire had a good reason to become aware of this fact when a couple of years ago vast swarms of mice invaded their cornfields at harvest time.

But the mouse only travels when it has to. The rat, on the contrary, seems to take a yearly outing, in very much the same fashion as do human beings. Rats are the most migratory creatures in the world. Troops of rats leave the towns at the end of summer and spend a month or two in the country, apparently in order to enjoy the change of food which the country affords at that time of the year in the way of fresh fruit and grain. Before the cold weather sets in they are all back again in their old quarters.

Reindeer migrate with the same regularity as swallows. They move south when winter sets in, but as soon as ever the snow begins to melt they travel steadily north, sometimes for as much as a thousand miles.

To end a holiday by deliberate suicide is so strange a phenomenon that for a long time naturalists looked upon the stories of the migration of the lemings as an improbable fiction. Yet the facts are beyond dispute. At irregular intervals these ratlike creatures start out from their homes in the fastnesses of northern Scandinavia in huge droves numbering tens of thousands and travel steadily southward. Death pursues them in a hundred forms. Hawks and other birds of prey hover above them. Thousands are drowned in rivers. Yet the rest struggle on until they reach the sea. They do not stop. They plunge in, swim out and struggle on until at last their strength fails and they drown. Not one ever returns from this journey of death.—London Answers.

Something Wanted.

A bachelor, old and cranky, was sitting alone in his room. His toes with the gout were aching, and his face was o'erspread with gloom, no little ones' shouts to disturb him—from noises the house was free. In fact, from cellar to attic 'twas as still as still could be. No medical aid was lacking; his servants answered his ring, respectfully answered his orders and supplied him with everything. But still there was something wanted, which he could not command—the kindly words of compassion, the touch of a gentle hand. And he said, as his brow grew darker and he rang for the hiring nurse, "Well, marriage may be a failure, but this is a jolly sight worse."

NO TIPS FROM TUBBS.

How Missouri Legislator Proposes to Wipe Out Time Honored Custom.

Tipping is doomed in Missouri if Dr. Alonzo Tubbs, Gasconade county's representative in the Missouri state legislature at Jefferson City, has his way, says a Kansas City (Mo.) special dispatch to the Chicago Inter Ocean. The doctor has introduced a bill making it a misdemeanor, "punishable by a fine of not more than \$500, to tip a waiter, chef or steward at any hotel, cafe or restaurant."

"When I go into a hotel or restaurant here and order a piece or two of pie and a glass of milk I'm not contracting to pay the waiter's wages," says Dr. Alonzo Tubbs. "Why should I pay a hotel the price it asks and also pay the wages of the employees? I hope to see the day when every hotel in Missouri will be graced with the sign, 'No tipping allowed.' It's time we Americans shake from ourselves this oppression, this tyranny in the form of a custom imported from the life sapped east. Anyway, I've introduced a bill making it a misdemeanor, and I'm going to see it through."

Before introducing his bill Representative Tubbs took the precaution to find a boarding place in a private family and quit the Madison House for the winter. Dr. Tubbs is the typical country doctor grown old in the practice of his profession. Night rides through storms and hard work have helped the years to whiten his hair and mustache. With high ideals as a legislator and a class of patients none too rich in the broken country in Osage and Gasconade counties, he has not accumulated great wealth, consequently as a prudent man he cannot afford to live in the extravagant fashion of millionaires.

The Madison House, where he boarded for the first few days during the senatorial contest, was the headquarters of sundry candidates for United States senator, their chief assistants and some visitors. Dr. Tubbs is opposed to tipping on principle as well as for other reasons, and the waiters were not long finding it out.

The senatorial contest week was Jefferson City's harvest. The hotel waiters in those few fat days learned to see a rich senatorial candidate who gave silver dollars as tips. These same waiters learned equally fast not to see a plain, honest legislator who gave nothing. So the doctor was at a disadvantage. He did not exactly blame the waiters, and in his bill he provided that the fine of \$500 and costs shall be paid by the proprietor of the hotel, restaurant or cafe where the tipping is permitted. It also provides for placards, "No Tipping Allowed," to be conspicuously posted.

"I am really in earnest about this," Dr. Tubbs said. "Hotels and restaurants ought to pay their help. They charge the public enough for what is eaten. There are plenty of places where the waiters get only nominal pay and have to make their wages out of the public. I don't blame the waiters. It is the proprietor who is at fault, and he is the one to be punished."

"I can't afford to tip liberally, and I don't believe it is right, so I refuse on principle to do it," he continued. "At the same time I know that the waiter doesn't want to pay any attention to me, and he usually shows it by neglecting the man who does not tip for the one who does. I regard the whole system as bad."

DEMAND FOR FLORAL GEM.

Many Firms Want Luther Burbank's Fadeless Flower.

Luther Burbank, the "wizard of horticulture," is being bombarded through the mails by residents of foreign countries as well as of the United States with propositions to purchase the new fadeless flower which he recently originated, says the San Francisco Chronicle. As soon as the fact was published to the world there were inquiries about it, but the eminent Santa Rosan refused to sell the plant because it has not yet reached the state of perfection to which it will attain before he permits it to leave his hands.

Three separate firms in London desire to secure the new gem. One man in France wishes to secure the exclusive privileges of the flower and makes a liberal offer for it. One letter from South America comes from a writer who is desirous of annexing the creation, while more than half a dozen firms of the United States wish it for their exclusive property. The greatest use of the new fadeless flower will probably be for millinery purposes. Mr. Burbank does not specially recommend it for that purpose, but believes it will supersede other flowers now used in making headgear for the ladies. The fadeless flower is new and valuable, but when it reaches the state of perfection which the "wizard" has planned for it it will be invaluable.

FOR VIOLATION OF PHONE ORDINANCE

Manager C. A. Walker, of Telephone Exchange, in Court Before Judge Warner

ERIC KRONBERG COMPLAINANT

The Violation Consists of Charging \$1.50 Per Month for Residence Phones

It has been some months now since anything has been said or done in regard to the telephone system in this city, but there was a time when it was common street talk and there have been all kinds of controversies for the past three years.

This morning C. A. Walker, manager of the local telephone exchange, was in the municipal court on complaint of Eric Kronberg, charged with violating ordinance 171, which regulates the price to be paid by customers for phones.

The specific charge is that Mr. Walker has made an overcharge for phone rental, having charged Mr. Kronberg \$1.50 for one month's rental.

The ordinance provides that it shall be unlawful for any person, company or corporation operating a telephone system or exchange within the corporate limits of the city to charge a greater price for the rental of each phone than the following rates: For phones known and used as business phones \$3, and for phones known as resident phones \$1 per calendar month.

The penalty for the violation of this ordinance is prescribed in section 3 and is as follows: "Any person for him or herself, or as an agent, collector or representative of any firm, company or corporation who shall violate any provisions of this ordinance, or collect or permit to be collected a greater sum for such telephone rental than designated in section 1 shall upon conviction thereof before the municipal court of said city be fined in a sum not exceeding \$100 nor less than \$5, and in the default of the payment of such fine be imprisoned in the city jail not to exceed ninety days nor less than five days."

Mr. Walker was represented by Attorney A. D. Polk in court this morning. Mr. Walker waived the reading of the complaint and plead not guilty.

Attorney Polk asked for a continuance stating that it was a question which would be gone into thoroughly and as it involved the legal question in reference to the rights of the city, the rights of Mr. Walker and the settlement of a very important matter, he asked for a continuance of from two to three weeks. He stated that he was sorry that the case had to be brought up in this manner, preferring he said, that it be brought up in the form of an injunction in the district court. There was no way of getting around the matter, however, and he stated that the case would be tried with all possible care.

Judge Warner granted a continuance until Friday Feb. 17.

Save Your Daughter

No. 185 West 88th Street, NEW YORK CITY, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie H. Thompson
TREASURER, RATHBONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

Death pursues them in a hundred forms. Hawks and other birds of prey hover above them. Thousands are drowned in rivers. Yet the rest struggle on until they reach the sea. They do not stop. They plunge in, swim out and struggle on until at last their strength fails and they drown. Not one ever returns from this journey of death.—London Answers.

Something Wanted.

A bachelor, old and cranky, was sitting alone in his room. His toes with the gout were aching, and his face was o'erspread with gloom, no little ones' shouts to disturb him—from noises the house was free. In fact, from cellar to attic 'twas as still as still could be. No medical aid was lacking; his servants answered his ring, respectfully answered his orders and supplied him with everything. But still there was something wanted, which he could not command—the kindly words of compassion, the touch of a gentle hand. And he said, as his brow grew darker and he rang for the hiring nurse, "Well, marriage may be a failure, but this is a jolly sight worse."

NO TIPS FROM TUBBS.

How Missouri Legislator Proposes to Wipe Out Time Honored Custom.

Tipping is doomed in Missouri if Dr. Alonzo Tubbs, Gasconade county's representative in the Missouri state legislature at Jefferson City, Mo., special dispatch to the Chicago Inter Ocean. The doctor has introduced a bill making it a misdemeanor, "punishable by a fine of not more than \$500, to tip a waiter, chef or steward at any hotel, cafe or restaurant."

"When I go into a hotel or restaurant here and order a piece or two of pie and a glass of milk I'm not contracting to pay the waiter's wages," says Dr. Alonzo Tubbs. "Why should I pay a hotel the price it asks and also pay the wages of the employees? I hope to see the day when every hotel in Missouri will be graced with the sign, 'No tipping allowed.' It's time we Americans shake from ourselves this oppression, this tyranny in the form of a custom imported from the life sapped east. Anyway, I've introduced a bill making it a misdemeanor, and I'm going to see it through."

Before introducing his bill Representative Tubbs took the precaution to find a boarding place in a private family and quit the Madison House for the winter. Dr. Tubbs is the typical country doctor grown old in the practice of his profession. Night rides through storms and hard work have helped the years to whiten his hair and mustache. With high ideals as a legislator and a class of patients none too rich in the broken country in Osage and Gasconade counties, he has not accumulated great wealth, consequently as a prudent man he cannot afford to live in the extravagant fashion of millionaires.

The Madison House, where he boarded for the first few days during the senatorial contest, was the headquarters of sundry candidates for United States senator, their chief assistants and some visitors. Dr. Tubbs is opposed to tipping on principle as well as for other reasons, and the waiters were not long finding it out.

The senatorial contest week was Jefferson City's harvest. The hotel waiters in those few fat days learned to see a rich senatorial candidate who gave silver dollars as tips. These same waiters learned equally fast not to see a plain, honest legislator who gave nothing. So the doctor was at a disadvantage. He did not exactly blame the waiters, and in his bill he provided that the fine of \$500 and costs shall be paid by the proprietor of the hotel, restaurant or cafe where the tipping is permitted. It also provides for placards, "No Tipping Allowed," to be conspicuously posted.

"I am really in earnest about this," Dr. Tubbs said. "Hotels and restaurants ought to pay their help. They charge the public enough for what is eaten. There are plenty of places where the waiters get only nominal pay and have to make their wages out of the public. I don't blame the waiters. It is the proprietor who is at fault, and he is the one to be punished."

"I can't afford to tip liberally, and I don't believe it is right, so I refuse on principle to do it," he continued. "At the same time I know that the waiter doesn't want to pay any attention to me, and he usually shows it by neglecting the man who does not tip for the one who does. I regard the whole system as bad."

DEMAND FOR FLORAL GEM.

Many Firms Want Luther Burbank's Fadeless Flower.

Luther Burbank, the "wizard of horticulture," is being bombarded through the mails by residents of foreign countries as well as of the United States with propositions to purchase the new fadeless flower which he recently originated, says the San Francisco Chronicle. As soon as the fact was published to the world there were inquiries about it, but the eminent Santa Rosan refused to sell the plant because it has not yet reached the state of perfection to which it will attain before he permits it to leave his hands.

Three separate firms in London desire to secure the new gem. One man in France wishes to secure the exclusive privileges of the flower and makes a liberal offer for it. One letter from South America comes from a writer who is desirous of annexing the creation, while more than half a dozen firms of the United States wish it for their exclusive property. The greatest use of the new fadeless flower will probably be for millinery purposes. Mr. Burbank does not specially recommend it for that purpose, but believes it will supersede other flowers now used in making headgear for the ladies. The fadeless flower is new and valuable, but when it reaches the state of perfection which the "wizard" has planned for it it will be invaluable.

FOR VIOLATION OF

PHONE ORDINANCE

Manager C. A. Walker, of Telephone Exchange, in Court Before Judge Warner

ERIC KRONBERG COMPLAINANT

The Violation Consists of Charging \$1.50 Per Month for Residence Phones

It has been some months now since anything has been said or done in regard to the telephone system in this city, but there was a time when it was common street talk and there have been all kinds of controversies for the past three years.

This morning C. A. Walker, manager of the local telephone exchange, was in the municipal court on complaint of Eric Kronberg, charged with violating ordinance 171, which regulates the price to be paid by customers for phones.

The specific charge is that Mr. Walker has made an overcharge for phone rental, having charged Mr. Kronberg \$1.50 for one month's rental.

The ordinance provides that it shall be unlawful for any person, company or corporation operating a telephone system or exchange within the corporate limits of the city to charge a greater price for the rental of each phone than the following rates: For phones known and used as business phones \$3, and for phones known as resident phones \$1 per calendar month.

The penalty for the violation of this ordinance is prescribed in section 3 and is as follows: "Any person for him or herself, or as an agent, collector or representative of any firm, company or corporation who shall violate any provisions of this ordinance, or collect or permit to be collected a greater sum for such telephone rental than designated in section 1 shall upon conviction thereof before the municipal court of said city be fined in a sum not exceeding \$100 nor less than \$5, and in the default of the payment of such fine be imprisoned in the city jail not to exceed ninety days nor less than five days."

Mr. Walker was represented by Attorney A. D. Polk in court this morning. Mr. Walker waived the reading of the complaint and plead not guilty.

Attorney Polk asked for a continuance stating that it was a question which would be gone into thoroughly and as it involved the legal question in reference to the rights of the city, the rights of Mr. Walker and the settlement of a very important matter, he asked for a continuance of from two to three weeks. He stated that he was sorry that the case had to be brought up in this manner, preferring he said, that it be brought up in the form of an injunction in the district court. There was no way of getting around the matter, however, and he stated that the case would be tried with all possible care.

Judge Warner granted a continuance until Friday Feb. 17.

Save Your Daughter

No. 125 West 88th Street, New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie H. Thompson
TREASURER, RATHBONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

ANIMALS' wanderings.

Country Mouse and Town Mouse. Public Has Foundation in Fact.

The fable of the country mouse and the town mouse has a foundation in fact. Mice occasionally migrate in large numbers when food grows scarce and travel considerable distances to fresh houses. Farmers in a part of Perthshire had a good reason to become aware of this fact when a couple of years ago vast swarms of mice invaded their cornfields at harvest time.

But the mouse only travels when it has to. The rat, on the contrary, seems to take a yearly outing, in very much the same fashion as do human beings. Rats are the most migratory creatures in the world. Troops of rats leave the towns at the end of summer and spend a month or two in the country, apparently in order to enjoy the change of food which the country affords at that time of the year in the way of fresh fruit and grain. Before the cold weather sets in they are all back again in their old quarters.

Reindeer migrate with the same regularity as swallows. They move south when winter sets in, but as soon as ever the snow begins to melt they travel steadily north, sometimes for as much as a thousand miles.

To end a holiday by deliberate suicide is so strange a phenomenon that for a long time naturalists looked upon the stories of the migration of the lemmings as an improbable fiction. Yet the facts are beyond dispute. At irregular intervals these ratlike creatures start out from their homes in the fastnesses of northern Scandinavia in huge droves numbering tens of thousands and travel steadily southward. Death pursues them in a hundred forms. Hawks and other birds of prey hover above them. Thousands are drowned in rivers. Yet the rest struggle on until they reach the sea. They do not stop. They plunge in, swim out and struggle on until at last their strength fails and they drown. Not one ever returns from this journey of death.—London Answers.

Save Your Daughter

No. 185 West 88th Street, New York City, N. Y., April 8, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the joints. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lydie H. Thompson
TREASURER, RATHBONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

WERE MARRIED JUST FIFTY YEARS TODAY

Mr. and Mrs. Chas. Metcalf will
Celebrate Event of Fiftieth
Wedding Anniversary

RESPECTED RESIDENTS OF CITY

Mr. Metcalf's Long Career in the
Railroad Business Reads Like
a Romance

Just a half a century ago today Mr. and Mrs. Chas. Metcalf of this city were married and the fiftieth anniversary of the wedding will be commemorated in a manner quite befitting at their home on Seventh street north this evening when they will gather about them their children, other relatives and a large circle of old friends, and to them the event is one of the most important epochs in their lives.

The home has been beautifully decorated for the occasion and everything is being done to make the affair as bright as possible, for so far as known the life spent together by this worthy couple has been one of continual sunshine and happiness.

During all of Mr. Metcalf's busy career he has been in the railroad business, and in fact today is still employed with the Northern Pacific at the shops in this city and is hale and hearty. He was born in London, Eng., on June 29, 1832. At this time there was a great influx of people from across the waters to the United States and the spirit of "go west and grow up with the country" beat in young Metcalf's breast and he sailed for America when he was but 15 years of age. After leaving the molders trade in New York he moved to Ann Arbor, Michigan, where he spent his earlier career in the railroad business and where he was married to Miss Elizabeth Hulme.

Mr. and Mrs. Metcalf have lived happily ever since. They moved to Brainerd in 1876 and have constantly lived here since.

Mrs. Metcalf is also in the best of health. She was born at Preston, Eng., May 1, 1834, migrating with her parents when quite young to Ann Arbor where her father was the owner of a large foundry. She has scores of friends in this and other cities in the northwest and is a most worthy woman.

The career of Charles Metcalf is an interesting one for he had to do with the early development of railroad industry in the northwest. He was one of the first employees of the Michigan Southern and took the position when first with the company as fireman of the "Little Monroe," the seven and one-half ton "monster" that was soon to surprise Chicago by dropping in some morning. The line into Chicago was completed on February 10, 1853, and the "Little Monroe" headed a few little cars loaded with construction supplies puffed into town and announced to the world that Chicago was no longer a frontier village. So far as known Charles Metcalf is the only living member of the crew of the "Little Monroe" and he is proud of it.

Mr. and Mrs. Metcalf have three children, two sons and one daughter, all of whom are here to celebrate the important event of a golden wedding. They are Chas. Metcalf Jr., of Hood drive, Oregon, Fred Metcalf, of Grand Forks and Mrs. F. H. Campbell, of Minneapolis.

Mr. and Mrs. Metcalf live in quiet retirement in this city and are highly respected.

Drunkenness A Terrible Disease.

In every large city the mission superintendents are brought closely into contact with the terrible results of drunkenness, and realize what a fearful curse it is to humanity. W. C. McMichael, superintendent of the People's Mission in Washington, says: "I am superintending of the People's Mission, a recognized Christian organization that is doing a world of good. One of our people who had been drinking a pint of whiskey a day for a great many years was put on Orrine, and I am happy to say that a cure was effected within ten days from the time the first dose was given, and he is now restored to perfect sobriety. I have no way to thank you for the valuable specific for this terrible disease, drunkenness."

Orrine No. 1 is given secretly in any food or drink, while No. 2 is for those who are willing to be cured. Either form is \$1 per package. Orrine is a guaranteed cure for the liquor habit, and is sold and recommended by H. P. Dunn & Co., Central Drug Store, National Bank Block, Brainerd, Minn.

GRANTED A DIVORCE

Anco Topp Divorced From His Wife and
Complaint Was of an Interesting
Character

A decree of absolute divorce was granted to Augusta Topp from her husband Anco Topp by Judge McClenahan a short time ago on the ground of cruel and inhuman treatment. They were married at Baldwin, Wis., Oct. 15, 1883. They have no children.

The complaint and the answer are rather ludicrous and amusing. She alleged "that from time to time during the past five years the defendant has treated plaintiff in an inhuman and cruel manner and that again and again without cause abused the plaintiff and has called her vile names and has abused her repeatedly and swore at her and has at divers times slapped and pushed her; that on the 19th of January, 1905 at her home near Gull lake, he hit and slapped her, and by reason of said acts and threats and violent disposition of the defendant, plaintiff is in fear of her life and cannot live longer with the defendant and prays that bonds be severed."

Defendant admitted that he used abusive language and slapped her, but denies everything else, whatever that "everything else" is.

Grave Trouble Foreseen.

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by H. P. Dunn & Co., druggists, at 50c a bottle.

JOHNSON ESTATE

Bismarck Tribune has Interesting
Account of Episode in Olaf
Johnson Case

WOULD PROBATE THE ESTATE

Nephew of the Deceased Said to
Live at Great Falls Com-
menced Proceedings

The following from the Bismarck Tribune which is in reference to a case which Brainerd people are well acquainted with will be interesting reading:

"What looks like an attempt to swipe the estate of Olaf Johnson, deceased and who was for years a resident of this city, seems to have been contemplated by an attorney who was here from Brainerd, Minn.

For long years Mr. Johnson had worked for the Northern Pacific Railroad in this city as foreman of their freight house, and had accumulated some money and property. Just how much few if any know. A few years since he resigned his position with the company and concerned himself with the looking after his property which he had accumulated and the procuring of more. He had purchased several desirable pieces of real estate in the city and on the rentals of these it was supposed that he depended.

"He was taken sick last fall and was taken to the Northern Pacific hospital at Brainerd where he shortly afterward died. He had no relatives in this city, and in looking over his effects several papers were found indicating that he had money in the bank and that property here to the value of about \$15,000.

"An idea seems to have occurred to some one that it could be obtained easily. It may have been that this was the object of the attorney who visited this city and endeavored to institute probate proceedings. Some man who had either offered to or had been induced to represent that he had a claim to the estate was found, but just what grounds he had for making the claims seems to be very vague, other than the fact that he claimed to have come to America with the deceased.

"When the attempt was made to probate the estate the attorney was informed that the nephew of the deceased, who was in the mail service at Great Falls, Mont., had already instituted such proceedings and he (the attorney) stated that if that was the case he would return to Minnesota that night. Whether he did so or not is doubtful.

"It appears to be a clear cut attempt to swipe a \$15,000 estate, which would indeed be a delicate morsel and worthy the picking up. There may be further developments."

Only one remedy in world that will at once stop itchiness of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

Rufus L. Pratt.

Rufus L. Pratt died of heart failure at the residence of his son yesterday afternoon. The funeral services will be held from the residence, 3021 First avenue south, Friday at 2 o'clock, for relatives and intimate friends.

Deceased was an old settler, having come to Minnesota in 1850 and engaged in lumber business at St. Anthony Falls. He has been a continuous resident of this city every since, excepting five years spent in California during the gold period.

He bought and operated the first dairy farm on the west side of the river and continued in that business for about twenty-five years. His poor health has caused him to visit many climates. He has traveled extensively from Alaska to Mexico. He married Lydia Ann Turner 1869 who still survives him, also two sons in this city and Mrs. Edwin Crane of Brainerd.—Minneapolis Tribune.

Mothers can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons. H. P. Dunn & Co.

BY SIEGE OF VLADIVOSTOK.

Believed That Japan Will Soon Invade Actual Russian Territory.

London, Feb. 11.—The Daily Telegraph's correspondent at Tokio claims the best authority for the statement that Japan intends after the war to establish herself in Peking as China's principal adviser.

The warship which Japan is reported to have purchased is said to be the Chitose battleship Captain Pratt.

Orders for four large battleships have been placed in England, also contracts for guns to the value of \$2,500,000. Japan's ambition is undoubtedly now to invade a small portion of actual Russian territory, and an active siege of Vladivostok is therefore expected soon.

Live at Great Falls Com-
menced Proceedings

The following from the Bismarck Tribune which is in reference to a case which Brainerd people are well acquainted with will be interesting reading:

"What looks like an attempt to swipe the estate of Olaf Johnson, deceased and who was for years a resident of this city, seems to have been contemplated by an attorney who was here from Brainerd, Minn.

For long years Mr. Johnson had worked for the Northern Pacific Railroad in this city as foreman of their freight house, and had accumulated some money and property. Just how much few if any know. A few years since he resigned his position with the company and concerned himself with the looking after his property which he had accumulated and the procuring of more. He had purchased several desirable pieces of real estate in the city and on the rentals of these it was supposed that he depended.

"He was taken sick last fall and was taken to the Northern Pacific hospital at Brainerd where he shortly afterward died. He had no relatives in this city, and in looking over his effects several papers were found indicating that he had money in the bank and property here to the value of about \$15,000.

"An idea seems to have occurred to some one that it could be obtained easily. It may have been that this was the object of the attorney who visited this city and endeavored to institute probate proceedings. Some man who had either offered to or had been induced to represent that he had a claim to the estate was found, but just what grounds he had for making the claims seems to be very vague, other than the fact that he claimed to have come to America with the deceased.

"When the attempt was made to probate the estate the attorney was informed that the nephew of the deceased, who was in the mail service at Great Falls, Mont., had already instituted such proceedings and he (the attorney) stated that if that was the case he would return to Minnesota that night. Whether he did so or not is doubtful.

"It appears to be a clear cut attempt to swipe a \$15,000 estate, which would indeed be a delicate morsel and worthy the picking up. There may be further developments."

Rufus L. Pratt.

Rufus L. Pratt died of heart failure at the residence of his son yesterday afternoon. The funeral services will be held from the residence, 321 First avenue south, Friday at 2 o'clock, for relatives and intimate friends.

Deceased was an old settler, having come to Minnesota in 1850 and engaged in lumber business at St. Anthony Falls. He has been a continuous resident of this city every since, excepting five years spent in California during the gold period.

He bought and operated the first dairy farm on the west side of the river and continued in that business for about twenty-five years. His poor health has caused him to visit many climates. He has traveled extensively from Alaska to Mexico. He married Lydia Ann Turner 1869 who still survives him, also two sons in this city and Mrs. Edwin Crane of Brainerd.—Minneapolis Tribune.

Mothers can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons. H. P. Dunn & Co.

BY SIEGE OF VLADIVOSTOK.

Believed That Japan Will Soon Invade Actual Russian Territory.

London, Feb. 11.—The Daily Telegraph's correspondent at Tokio claims the best authority for the statement that Japan intends after the war to establish herself in Peking as China's principal adviser.

The warship which Japan is reported to have purchased is said to be the Chilean battleship Captain Pratt.

Orders for four large battleships have been placed in England, also contracts for guns to the value of \$2,500,000. Japan's ambition is undoubtedly now to invade a small portion of actual Russian territory, and an active siege of Vladivostok is therefore expected soon.

WERE MARRIED JUST FIFTY YEARS TODAY

Mr. and Mrs. Chas. Metcalf will Celebrate Event of Fiftieth Wedding Anniversary

RESPECTED RESIDENTS OF CITY

Mr. Metcalf's Long Career in the Railroad Business Reads Like a Romance

Just a half a century ago today Mr. and Mrs. Chas. Metcalf of this city were married and the fiftieth anniversary of the wedding will be commemorated in a manner quite befitting at their home on Seventh street north this evening when they will gather about them their children, other relatives and a large circle of old friends, and to them the event is one of the most important epochs in their lives.

The home has been beautifully decorated for the occasion and everything is being done to make the affair as bright as possible, for so far as known the life spent together by this worthy couple has been one of continual sunshine and happiness.

During all of Mr. Metcalf's busy career he has been in the railroad business, and in fact today is still employed with the Northern Pacific at the shops in this city and is hale and hearty. He was born in London, Eng., on June 29, 1832. At this time there was a great influx of people from across the waters to the United States and the spirit of "go west and grow up with the country" beat in young Metcalf's breast and he sailed for America when he was but 15 years of age. After leaving the molders trade in New York he moved to Ann Arbor, Michigan, where he spent his earlier career in the railroad business and where he was married to Miss Elizabeth Hulme.

Mr. and Mrs. Metcalf have lived happily ever since. They moved to Brainerd in 1876 and have constantly lived here since.

Mrs. Metcalf is also in the best of health. She was born at Preston, Eng., May 1, 1834, migrating with her parents when quite young to Ann Arbor where her father was the owner of a large foundry. She has scores of friends in this and other cities in the northwest and is a most worthy woman.

The career of Charles Metcalf is an interesting one for he had to do with the early development of railroad industry in the northwest. He was one of the first employees of the Michigan Southern and took the position when first with the company as fireman of the "Little Monroe," the seven-and-one-half ton "monster" that was soon to surprise Chicago by dropping in some morning. The line into Chicago was completed on February 10, 1853, and the "Little Monroe" headed a few little cars loaded with construction supplies puffed into town and announced to the world that Chicago was no longer a frontier village. So far as known Charles Metcalf is the only living member of the crew of the "Little Monroe" and he is proud of it.

Mr. and Mrs. Metcalf have three children, two sons and one daughter, all of whom are here to celebrate the important event of a golden wedding. They are Chas. Metcalf Jr., of Hood, Ore., Fred Metcalf, of Grand Forks and Mrs. F. H. Campbell, of Minneapolis.

Mr. and Mrs. Metcalf live in quiet retirement in this city and are highly respected.

Drunkenness A Terrible Disease.

In every large city the mission superintendents are brought closely into contact with the terrible results of drunkenness, and realize what a fearful curse it is to humanity. W. C. McMichael, superintendent of the People's Mission in Washington, says: "I am superintendent of the People's Mission, a recognized Christian organization that is doing a world of good. One of our people who had been drinking a pint of whiskey a day for a great many years was put on Orlin, and I am happy to say that a cure was effected within ten days from the time the first dose was given, and he is now restored to perfect sobriety. I have no way to thank you for the valuable specific for this terrible disease, drunkenness."

Orlin No. 1 is given secretly in any food or drink, while No. 2 is for those who are willing to be cured. Either form is \$1 per package. Orlin is a guaranteed cure for the liquor habit, and is sold and recommended by H. P. Dunn & Co., Central Drug Store, National Bank Block, Brainerd, Minn.

Bruno the optician will be at the National Hotel, Brainerd, Wednesday and Thursday, February 22 and 23. Eyes examined free.

Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly, permanently. Regulates and tones the stomach.

GRANTED A DIVORCE

Anco Topp Divorced From His Wife and Complaint Was of an Interesting Character

A decree of absolute divorce was granted to Augusta Topp from her husband Anco Topp by Judge McClenahan a short time ago on the ground of cruel and inhuman treatment. They were married at Baldwin, Wis., Oct. 15, 1883. They have no children.

The complaint and the answer are rather ludicrous and amusing. She alleged "that from time to time during the past five years the defendant has treated plaintiff in an inhuman and cruel manner and that again and again without cause abused the plaintiff and has called her vile names and has abused her repeatedly and swore at her and has at divers times slapped and pushed her; that on the 19th of January, 1905 at her home near Gull lake, he hit and slapped her, and by reason of said acts and threats and violent disposition of the defendant, plaintiff is in fear of her life and cannot live longer with the defendant and prays that bonds be severed."

Defendant admitted that he used abusive language and slapped her, but denies everything else, whatever that "everything else" is.

Grave Trouble Foreseen.

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by H. P. Dunn & Co., druggists, at 50c a bottle.

Another Rap at Code.

Volunteer fire departments in 194 of the 244 cities in the state having fire departments were cut of their share in the insurance premium tax by the statutes revision commission.

The revisers insisted that a fire department should have an engine to share in the state tax.

Cities which have sufficient water-works not to need fire engines would thus be cut out. The code will undoubtedly be amended to obviate this difficulty.—St. Paul Daily News.

TO THIRTEEN WOMEN

JOHANN HOCH ADMITS HE HAD BEEN MARRIED DURING THE PAST TEN YEARS.

EIGHT OF HIS WIVES DIED BUT HOCH FIRMLY DENIES THAT HE CAUSED THE DEATH OF ANY BY POISON.

Chicago, Feb. 11.—Confronted by living witnesses of his duplicity, at the coroner's investigation Friday, in the death of Mrs. Walcker-Hoch, his last victim, Johann Hoch, the much-married man, according to the police, has admitted his marriage to thirteen women in the past ten years. Eight of these women who at one time bore the name of the alleged bigamist, are now dead, but Hoch declares they died natural deaths and is firm in his denial that he poisoned any one of them. With the exception of the identification of Hoch by several of his wives, or their friends, nothing new developed at Friday's hearing of the coroner's jury and at the conclusion of the examination of witnesses Friday night Coroner Hoffman announced that the inquest would be postponed until next Wednesday.

The principal witness at Friday's examination was Mrs. Fischer-Hoch, a sister of the woman over whom the inquest was being held. The witness is the woman Hoch married a few days after the death of Mrs. Walcker-Hoch. In her testimony the witness explained in minute detail all the circumstances surrounding the death of her sister, but there was nothing in the evidence to prove that Hoch was responsible for the woman's death.

The story of the woman was both pathetic and humorous. She told of quarrelling with her sister over Hoch and that her sister died next morning and Hoch at once began making love to the witness. She naively told how Hoch appeared hurt when she expressed surprise at his willingness to become the father of her ten children by a former husband. She married Hoch four days after her sister's death and Hoch decamped with \$750 of her money.

The police claim to believe that Hoch will confess to marrying at least thirty of the forty-five or more women who have claimed him as husband.

During the investigation Jacob J. Ness of Cincinnati identified Hoch as the man he had known in that place in 1896 and who married two German widows under the name of Schmitt.

FARMER FATALLY SHOT.

Remarkable Shooting Affray Occurs Near Stillwater, Minn.

Stillwater, Minn., Feb. 11.—One of the most remarkable shooting affrays that has occurred in these parts for some time took place Thursday evening, in the town of Lake End, four miles from this city, the victim, Henry Witzel, a farmer, being at the point of death with two bullets in his body and the assailant, Frank Miller of Chicago, is at large and no trace of him has yet been found. Frank Miller was in the employ of one Downs, a farmer, who released him. Miller went to the farm of Witzel, who, it is said, employed him. Thursday night while Witzel was milking a cow, Miller stepped up behind him and shot him in the neck. The wounded man turned on his assailant, who immediately sent another bullet into Witzel's head. Miller then took a sudden departure. Witzel may die.

MCUE ADMITS HIS GUILT.

Ex-Mayor of Charlottesville Confesses Before Going to Scaffold.

Charlottesville, Va., Feb. 11.—J. Samuel McCue, former mayor of this city, was hanged in the county jail here at 7:34 a. m. for the murder of his wife on Sunday, Sept. 4, 1904. McCue was pronounced dead eight minutes after the trap had been sprung.

Immediately after the execution McCue's three spiritual advisers gave out the following signed statement:

"J. Samuel McCue stated in our presence and requested us to make public that he did not wish to leave this world with suspicion resting on any human being other than himself; that he alone was responsible for the deed, impelled to it by an invisible power beyond his control and that he recognized his sentence as just."

McCue met his death without a tremor.

MOORE ELECTED PRESIDENT.

Succeeds St. Paul Man as Head of Minnesota Y. M. C. A.

Duluth, Feb. 11.—The Minnesota state convention of the Y. M. C. A., which convened Friday, is attended by 150 delegates from all points in the state and North Dakota. Watson S. Moore of Duluth was elected president, succeeding C. I. Hunt of St. Paul. Many prominent officials and members of the organization will participate in the programme, which will be concluded Sunday evening.

"A Gospel Solace," a religious service conducted solely by railroad men, will be the feature Saturday, Frank Nay, auditor of the Rock Island road, and others will speak. An excursion train from Two Harbors will bring a large delegation of railroad men.

TRADE SHOWS IMPROVEMENT.

Spring Jobbing Has at Last Begun to Expand in Earnest.

New York, Feb. 11.—Bradstreet's weekly review of trade says spring jobbing has at last begun to expand, and reports of improvement come from the West, Northwest and far West, this despite severe winter weather, which has in the case of the South operated to check the development noted last week. Dry goods, shoes, groceries, hardware, millinery and lumber at wholesale have all sold better of late, and certainly in larger volume than at this date a year ago, which latter period, however, saw somewhat of a halt occurring. Cold weather, snow and sleet have interfered with river transportation and with the telegraphic service throughout the entire South.

Industry remains as active as heretofore and the iron trade confirms the best reports heretofore made in statistics showing production and consumption the heaviest ever recorded. Collections are still a subject of complaint. Money is still phenomenally easy and a temporary check to the heavy outgo of gold is noted.

CHICAGO MAN IS CHAMPION.

Charles F. Conklin Defeats Sigourney in Billiard Match.

Chicago, Feb. 11.—Charles F. Conklin of Chicago is the amateur billiard champion of the United States. The tournament proper, which closed Thursday night, left W. H. Sigourney of San Francisco and Conklin tied for first place. In the extra match played Friday night to decide which of the two players should be the possessor of the Brooklyn Eagle's cup for next year, the emblem of the national amateur championship, Conklin defeated Sigourney by the score of 300 to 231. In addition to the cup, jewelry valued at \$800 goes to the winner. Conklin also won the prize for the highest run made during the tournament. His high mark was 78. Conklin and Gardner are tied for the individual average of the tourney, each having a score of 11.3-37. The second prize, won by Sigourney, is a \$500 diamond ring. Gardner, who won third prize, had the highest grand average during the contests. Fourth and fifth prizes went to Norris, New York, and Threshie, Boston.

THREE PERSONS KILLED.

Two Boys Dying and Three Others Badly Hurt While Coasting.

New Brighton, Pa., Feb. 11.—A man and two boys were killed, two boys are dying and three more were badly injured as the result of a bobsled carrying sixteen boys dashing into a train Friday night. All the others on the sled escaped with hardly a scratch. The dead are Reed H. McDanel, aged twenty-four years; Charles Farrow, aged eleven years; Merl Saviers, aged fifteen years.

TELEGRAPHIC BRIEVITIES.

John L. Sullivan has challenged James J. Corbett to a finish fight. A resumption of the coal miners' strike is highly probable in Germany. The report of the death of Governor General Tcherkoff of Warsaw, Russia, is unfounded. C. H. Hackley, whose gifts of public institutions of Muskegon aggregate \$2,000,000, is dead at Muskegon, Mich. The Baltimore and Ohio railroad shops at Lorain, O., were destroyed by fire Friday night. Loss, \$100,000. At Milwaukee, Maurice Sayers and Charley Neary, both of Milwaukee, fought six fast rounds to a draw Friday night. Property valued at \$150,000 was consumed at Oskaloosa, Ia., by fire originating in the basement of a harness store.

MESSAGE BY JOHNSON

ACCOMPANIES REPORT OF A FORMER PUBLIC EXAMINER TO THE LEGISLATURE.

COMMUNICATION DEALS WITH MATTERS RELATING TO TIMBER CUTTING LAWS.

St. Paul, Feb. 11.—Governor Johnson sent a message to the legislature Friday morning transmitting a full text of the reports made by S. T. Johnson, former public examiner, on the examination of the state auditor's office.

The message contained three important recommendations, which were agreed on at a conference between the governor, Attorney General E. T. Young and Public Examiner Kerst. The governor finds from the reports that the state auditor's office for a number of years disregarded the law in settlement of timber trespass claims, in issuing timber permits, and in issuing mineral leases and contracts.

To correct possible favoritism in the future in issuing mineral leases, the governor renews his recommendation for a law providing for the sale of leases at public auction to the highest bidder, after an examination of the land by the state.

The salient point of the governor's message are:

Laws relating to timber cutting have been enforced in a dilatory way. State auditors have been too ready to compromise trespass cases, making it cheaper to steal timber than buy it. State auditor should not be a member of timber board, but his place should be taken by state treasurer. No reflection on Auditor Iverson is meant thereby.

Attorney general asks for another assistant for prosecution of timber trespass and like cases, and also a stenographer, and his request is seconded by the governor.

A contingent fund should be allowed the timber board to permit inquiries by the board directly, aside from the records.

The governor's message was read to the house and the senate.

Confiscated Game to Be Sold.

Confiscated game will be sold in the open market instead of being given over to the state charitable institutions, if the bill by General M. D. Flower of St. Paul, in the house, becomes a law.

Under the terms of the Flower bill, when game killed unlawfully is confiscated by the state, it is to be turned over to some reliable dealer, who is to offer it for sale on the open market. He is to receive a commission of 20 per cent of the price obtained.

Chief O'Connor's old bill bringing clairvoyants, mediums, fortune tellers, street fakirs and entertainers at immoral places into the disorderly class and constraining their places of business as such, appeared in the shape of a bill introduced by W. T. Lemon.

The maintenance of track-weighting scales for flax and grain at terminal points is made mandatory in a bill offered by H. C. Block.

A. K. Ware of Northfield demanded an investigation of the fire insurance rates in Minnesota, but he had to accept delay in the shape of a notice of debate given by G. W. Armstrong.

Three bills, H. F. No. 257, by Thayer, giving incorporated villages the right of local option; S. F. 74, placing in operation the constitutional amendment relative to the distribution of the state school fund, voted on at the last election, and S. F. No. 132, appropriating \$400 for a bridge in Kittson county, were passed.

GAINED A DECIDED VICTORY.

Friends of the Board of Control Are Much Elated.

The friends of the board of control gained a decided victory during the consideration of the educational bill, which seeks to divest the board of control of jurisdiction over the state university and state normal schools and to provide for the management of the university by the board of regents and the state normal schools by the state normal board.

What might be considered a test vote was taken on an amendment to the bill offered by Senator Peachey. This amendment would include the Fairbault and Owatonna schools within the provisions of the bill.

Strenuous objection to the amendment was made by the friends of the bill. The amendment, however, prevailed, by the close vote of 30 to 27.

Another vote was taken subsequently which might indicate how the wind blows, when an amendment was offered by Mr. Somerville that the special order be adjourned to Thursday.

The vote on adjournment was 43 in favor and 13 against.

The friends of the board of control were much elated, while the opposition was correspondingly dejected over the turn of affairs.

A bill to establish a naval reserve for Minnesota was introduced by Senator Pugh of Duluth.

WANT RETRIAL FOR GREASON

Attorneys for Condemned Man Base Plea on Mrs. Edwards's Confession.

Philadelphia, Feb. 11.—Attorney representing Samuel Greason, the negro who, with Mrs. Kate Edwards, is condemned to be hanged at Reading next Thursday for the murder of Mrs. Edwards's husband, came here from Reading Friday for the purpose of laying before the supreme court a petition asking that Greason's case be reopened, and sent back to the Berks county court for retrial.

The petition is based on the confession made by Mrs. Edwards on Thursday. Accompanying the petition is an affidavit made by the woman in which she swears that Greason "is entirely innocent of said crime; that he had no knowledge of the perpetrator thereof, and did not in any way, manner or form participate therein; nor did he by any word, act or deed aid or abet therein."

She further avers that "the testimony given at the trial wherein she alleged that Samuel Greason was present on the night of July 3, 1901, was untrue."

Greason's petition contains allegations that his case was juggled with while he was on trial. According to the petition Mrs. Edwards insists that inducements were held out to her by her attorneys to the effect that if she would tell the truth by placing the responsibility for the commission of the crime upon the negro, leniency would be shown her by the prosecution when she would make her application before the board of pardons for commutation of sentence to life imprisonment.

One of the many remarkable features of the Edwards-Greason case is the fact that Greason has been respited more than a dozen times. The death warrant has been read to him twelve times.

Porto Rican Woman to Be Hanged.

San Juan, P. R., Feb. 11.—Luse Navares, aged twenty, has been sentenced to be hanged on April 15 for infanticide. This is the first instance in which the death sentence has been imposed upon a woman in Porto Rico.

BLOODHOUNDS SOLVE MYSTERY.

Trace Two Ohio Boys to Canal Where They Perished.

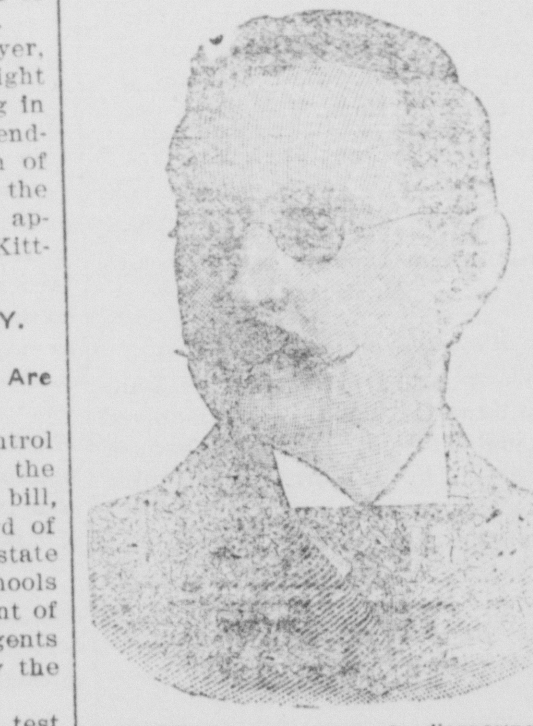

Dayton, O., Feb. 11.—The tragic fate of two boys, George Shafner and Arthur Nadercorn, both five years old, who mysteriously disappeared from their homes Thursday evening, was solved by bloodhounds Friday night when the animals traced the steps of the young wanderers to a point in the canal where a hole had been broken in the ice. The bodies were found in the canal.

TO THIRTEEN WOMEN

JOHANN HOCH ADMITS HE HAD BEEN MARRIED DURING THE PAST TEN YEARS.

EIGHT OF HIS WIVES DIED

BUT HOCH FIRMLY DENIES THAT HE CAUSED THE DEATH OF ANY BY POISON.

Chicago, Feb. 11.—Confronted by living witnesses of his duplicity, at the coroner's investigation Friday, into the death of Mrs. Walcker-Hoch, his last victim, Johann Hoch, the much-married man, according to the police, has admitted his marriage to thirteen women in the past ten years. Eight of these women who at one time bore the name of the alleged bigamist, are now dead, but Hoch declares they died natural deaths and is firm in his denial that he poisoned any one of them. With the exception of the identification of Hoch by several of his wives, or their friends, nothing new developed at Friday's hearing of the coroner's jury and at the conclusion of the examination of witnesses Friday night Coroner Hoffman announced that the inquest would be postponed until next Wednesday.

The principal witness at Friday's examination was Mrs. Fischer-Hoch, a sister of the woman over whom the inquest was being held. The witness is the woman Hoch married a few days after the death of Mrs. Walcker-Hoch. In her testimony the witness explained in minute detail all the circumstances surrounding the death of her sister, but there was nothing in the evidence to prove that Hoch was responsible for the woman's death.

The story of the woman was both pathetic and humorous. She told of quarrelling with her sister over Hoch and that her sister died next morning and Hoch at once began making love to the witness. She naively told how Hoch appeared hurt when she expressed surprise at his willingness to become the father of her ten children by a former husband. She married Hoch four days after her sister's death and Hoch decamped with \$750 of her money.

The police claim to believe that Hoch will confess to marrying at least thirty of the forty-five or more women who have claimed him as husband.

During the investigation Jacob J. Ness of Cincinnati identified Hoch as the man he had known in that place in 1896 and who married two German widows under the name of Schmitt.

FARMER FATALLY SHOT.

Remarkable Shooting Affray Occurs Near Stillwater, Minn.

Stillwater, Minn., Feb. 11.—One of the most remarkable shooting affrays that has occurred in these parts for some time took place Thursday evening, in the town of Lake End, four miles from this city, the victim, Henry Witzel, a farmer, being at the point of death with two bullets in his body and the assailant, Frank Miller of Chicago, is at large and no trace of him has yet been found. Frank Miller was in the employ of one Downs, a farmer, who released him. Miller went to the farm of Witzel, who, it is said, employed him. Thursday night while Witzel was milking a cow, Miller stepped up behind him and shot him in the neck. The wounded man turned on his assailant, who immediately sent another bullet into Witzel's head. Miller then took a sudden departure. Witzel may die.

MCUE ADMITS HIS GUILT.

Ex-Mayor of Charlottesville Confesses Before Going to Scaffold.

Charlottesville, Va., Feb. 11.—J. Samuel McCue, former mayor of this city, was hanged in the county jail here at 7:34 a. m. for the murder of his wife on Sunday, Sept. 4, 1904. McCue was pronounced dead eight minutes after the trap had been sprung.

Immediately after the execution McCue's three spiritual advisers gave out the following signed statement:

"J. Samuel McCue stated in our presence and requested us to make public that he did not wish to leave this world with suspicion resting on any human being other than himself; that he alone was responsible for the deed, impelled to it by an invisible power beyond his control and that he recognized his sentence as just."

McCue met his death without a tremor.

MOORE ELECTED PRESIDENT.

Succeeds St. Paul Man as Head of Minnesota Y. M. C. A.

Duluth, Feb. 11.—The Minnesota state convention of the Y. M. C. A., which convened Friday, is attended by 150 delegates from all points in the state and North Dakota. Watson S. Moore of Duluth was elected president, succeeding C. I. Hunt of St. Paul. Many prominent officials and members of the organization will participate in the programme, which will be concluded Sunday evening.

"A Gospel Train," a religious service conducted solely by railroad men, will be the feature Saturday, Frank Nay, auditor of the Rock Island road, and others will speak. An excursion train from Two Harbors will bring a large delegation of railroad men.

TRADE SHOWS IMPROVEMENT.

Spring Jobbing Has at Last Begun to Expand in Earnest.

New York, Feb. 11.—Bradstreet's weekly review of trade says spring jobbing has at last begun to expand, and reports of improvement come from the West, Northwest and far West, this despite severe winter weather, which has in the case of the South operated to check the development noted last week. Dry goods, shoes, groceries, hardware, millinery and lumber at wholesale have all sold better of late, and certainly in larger volume than at this date a year ago, which latter period, however, saw somewhat of a halt occurring. Cold weather, snow and sleet have interfered with river transportation and with the telegraphic service throughout the entire South.

Industry remains as active as heretofore and the iron trade confirms the best reports heretofore made in statistics showing production and consumption the heaviest ever recorded. Collections are still a subject of complaint. Money is still phenomenally easy and a temporary check to the heavy outgo of gold is noted.

CHICAGO MAN IS CHAMPION.

Charles F. Conklin Defeats Sigourney in Billiard Match.

Chicago, Feb. 11.—Charles F. Conklin of Chicago is the amateur billiard champion of the United States. The tournament proper, which closed Thursday night, left W. H. Sigourney of San Francisco and Conklin tied for first place. In the extra match played Friday night to decide which of the two players should be the possessor of the Brooklyn Eagle's cup for next year, the emblem of the national amateur championship, Conklin defeated Sigourney by the score of 309 to 231. In addition to the cup, jewelry valued at \$800 goes to the winner. Conklin also won the prize for the highest run made during the tournament. His high mark was 78. Conklin and Gardner are tied for the individual average of the tourney, each having a score of 11 3/37. The second prize, won by Sigourney, is a \$500 diamond ring. Gardner, who won third prize, had the highest grand average during the contests. Fourth and fifth prizes went to Norris, New York, and Threshie, Boston.

THREE PERSONS KILLED.

Two Boys Dying and Three Others Badly Hurt While Coasting.

New Brighton, Pa. Feb. 11.—A man and two boys were killed, two boys are dying and three more were badly injured as the result of a bobbed carrying sixteen boys dashing into a train Friday night. All the others on the sled escaped with hardly a scratch. The dead are Reed H. McDaniel, aged twenty-four years; Charles Farrow, aged eleven years; Merl Saviers, aged fifteen years.

TELEGRAPHIC BREVITIES.

John L. Sullivan has challenged James J. Corbett to a finish fight.

A resumption of the coal miners' strike is highly probable in Germany. The report of the death of Governor General Tchernikoff of Warsaw, Russia, is unfounded.

C. H. Hackley, whose gifts of public institutions of Muskegon aggregate \$2,000,000, is dead at Muskegon, Mich.

The Baltimore and Ohio railroad shops at Lorain, O., were destroyed by fire Friday night. Loss, \$100,000.

At Milwaukee, Maurice Sayers and Charley Neary, both of Milwaukee, fought six fast rounds to a draw Friday night.

Property valued at \$150,000 was consumed at Oskaloosa, Ia., by fire originating in the basement of a harness store.

MESSAGE BY JOHNSON

ACCOMPANIES REPORT OF A FORMER PUBLIC EXAMINER TO

THE LEGISLATURE.

COMMUNICATION DEALS WITH

MATTERS RELATING TO TIM-

BER CUTTING LAWS.

St. Paul, Feb. 11.—Governor Johnson sent a message to the legislature Friday morning transmitting a full text of the reports made by S. T. Johnson, former public examiner, on the examination of the state auditor's office.

The message contained three important recommendations, which were agreed on at a conference between the governor, Attorney General E. T. Young and Public Examiner Kerst.

The governor finds from the reports that the state auditor's office for a number of years disregarded the law in settlement of timber trespass claims, in issuing timber permits, and in issuing mineral leases and contracts.

To correct possible favoritism in the future in issuing mineral leases, the governor renews his recommendation for a law providing for the sale of leases at public auction to the highest bidder, after an examination of the land by the state.

The salient point of the governor's message are:

Laws relating to timber cutting have been enforced in a dilatory way.

State auditors have been too ready to compromise trespass cases, making it cheaper to steal timber than buy it.

State auditor should not be a member of timber board, but his place should be taken by state treasurer. No reflection on Auditor Iverson is meant thereby.

Attorney general asks for another assistant for prosecution of timber trespass and like cases, and also a stenographer, and his request is seconded by the governor.

A contingent fund should be allowed the timber board to permit inquiries by the board directly, aside from the records.

The governor's message was read to the house and the senate.

Confiscated Game to Be Sold.

Confiscated game will be sold in the open market instead of being given over to the state charitable institutions, if the bill by General M. D. Flower of St. Paul, in the house, becomes a law.

Under the terms of the Flower bill, when game killed unlawfully is confiscated by the state, it is to be turned over to some reliable dealer, who is to offer it for sale on the open market. He is to receive a commission of 20 per cent of the price obtained.

Chief O'Connor's old bill bringing clairvoyants, mediums, fortune tellers, street fakirs and entertainers at immoral places into the disorderly class and constraining their places of business as such, appeared in the shape of a bill introduced by W. T. Lemon.

The maintenance of track-weighting scales for flax and grain at terminal points is made mandatory in a bill offered by H. C. Block.

A. K. Ware of Northfield demanded an investigation of the fire insurance rates in Minnesota, but he had to accept delay in the shape of a notice of debate given by G. W. Armstrong.

Three bills, H. F. No. 257, by Thayer, giving incorporated villages the right of local option; S. F. 74, placing in operation the constitutional amendment relative to the distribution of the state school fund, voted on at the last election, and S. F.
